Gau Seva Sponsorship / Membership of ORGANIC WORLD RESORT

This agreement is executed on this day _____ between **First Party (Company: Om Shri Radhakrushna Business Developers)** and **Second Party (Member/Sponsor)** under the following terms and conditions:

1. Preamble & Health Declaration Clause

* **Declaration of Chemical Toxins:** It is mutually agreed between both parties that in modern agriculture, excessive amounts of Urea, DAP, chemical fertilizers, and pesticides are directly entering the human body. Scientifically, these are not food substances but slow poisons (toxins) causing severe damage to human health and reducing life expectancy.

* **The Only Way to Protection:** The sole remaining option to protect oneself and one's family from the side effects of these chemical poisons is to consume fruits, vegetables, pulses, grains, and pure desi cow milk produced and grown entirely via organic and natural methods. The primary objective of the First Party in establishing this project is to make society free from this poison.

2. Trust & Absolute Transparency — Live Visual Monitoring Clause

* **The Challenge of Distrust & Its Solution:** Both parties are well aware that today, across the country, there is a trust crisis surrounding products sold in the name of "organic," as chemical fertilizers are secretly used at many places. For this very reason, even foreign companies do not fully trust Indian products. To uproot this distrust completely, the First Party operates on an "Open Book" (Absolute Transparency) policy.

* **Invitation for Direct Observation:** The Second Party (Member) is specially invited by the Company to come and stay at the "Organic Resort," so that the member can directly witness, with their own eyes, the entire farmland, the care of the cows, their fodder, and the complete milking process, and be assured that no inorganic or adulterated activity takes place here.

* **24/7 Online Digital Monitoring:** In addition to staying at the resort, for the rest of the time (365 days and 24 hours a year), high-definition online cameras (CCTV Live Video Streaming) will be operated by the First Party across the farm and dairy premises. Using their membership card, the Second Party can check the authenticity of the fields and cows by viewing live video at any time, from anywhere, directly through a digital or video-calling link.

3. Membership Eligibility, Family Scope & Celebrations Policy

* **Blood-Relative Eligibility Rule:** It is agreed that all benefits and facilities available under this membership are valid and allowed only for the Primary Member and their Immediate Blood Relatives (direct family). These facilities will not apply to any person outside the Primary Member's family.

* **Family Celebrations & Functions:** The Second Party (Member) may organize family occasions such as Birthdays, Anniversaries, Weekend get-togethers, or other family celebrations at our "Organic Resort."

* **Advance Notice & Availability Rule (2-Month Advance Booking Rule):** To organize such celebrations and functions, the Second Party must mandatorily inform the First Party (Company) and reserve (book) the date at least 02 months (60 days) in advance. Finalization of the booking at the resort will depend entirely on the availability of dates. If another booking already exists for the requested date, the Second Party will be required to change their date by mutual consent.

* **Proper Arrangements & Enjoyment:** For these approved functions, the Company will provide all proper arrangements and facilities within the resort premises, including food, seating, and other necessary management, so that the member and their family can fully enjoy their time here.
